Join us in Perth

The great Ruth Bader Ginsburg said, “fight for the things you care about, but do it in a way that will lead others to join you”. As we contemplate what the world looks like for those we care for in 2023, this statement remains poignant. The health and wellbeing of those in our profession and of our patients remains fraught with disparities that challenge us. The delivery of excellent clinical care cannot be considered a silo and is critically dependent on addressing issues in the gender divide, individual rights and responsibilities, and equitable access to opportunities. We must fight for fairness in these issues and accept that 2023 is not a time to rest on our laurels, but instead to address the myriad of equity issues that underpin health outcomes.

This year’s theme “Aiming higher: More than healthcare” is a call to action for all of us. We must achieve the best health and non-health outcomes for our patients, while providing high quality, cutting edge, evidence-based care, that at the same time addresses the equity issues our patients face. Seems straight forward enough! We have charged our slew of national and international speakers to bring us the latest updates in obstetrics and gynaecology while also challenging us to aim higher and seek the outcomes for our patients that benefits the year 2023.

We are excited to bring you plenary sessions on abortion, conflict, and equity with an impressive field of internationally renowned speakers. Concurrent sessions will cover all aspects of obstetrics and gynaecology from labour ward to sub-speciality topics, simulation and training, global health, First Nations health, and the mental health of our profession.

Excellent, evidence-based updates aside, the ASM is going to be a glorious time to visit Perth. The city sees an average of 300 hours of sunshine in October, rainfall is rare, and the average temperature sits in the balmy mid 20’s. Take an extra day or two on the West Coast and enjoy a run in Kings Park, a selfie with a Quokka on Rottneest Island, or a drive through the southwest winery region.

seeing everyone in Perth!**

Your opportunity to be involved?

Obstetrics and gynaecology is a unique specialty, in that it combines elements of both surgery and medicine. Highly trained specialist obstetrician-gynaecologists may have exposure to surgery through both operative obstetrics and gynaecology, and medicine through endocrinology, oncology, internal medicine, and medical imaging.

You are invited to partner with RANZCOG and participate in the 2023 ASM by way of sponsorship and/or exhibition. A very limited number of sponsorship packages are available, all of which can be tailored towards your company objectives. In addition, an exhibition enabling you to showcase your latest products and services will be available. There are a number of benefits of participation in the meeting, including:

- Demonstrating your commitment to, and support of, women's health.
- Generating quality business leads.
- Increasing your company profile.
- Creating new business opportunities.

RANZCOG very much appreciates the support of our partners. To assist our supporters, the Organising Committee has provided a number of opportunities for engagement between delegates and sponsors/ exhibitors throughout the meeting by serving all meal breaks (morning tea, lunch, afternoon tea) and the Welcome Function held on the first evening in the exhibition area.

Why be involved?

While the RANZCOG ASM has always been a highly regarded fixture in the calendar, recent years have seen the event go from strength to strength. RANZCOG has invested significantly in its flagship annual networking and education event and has an in-house team, supported by the professional conference organiser, working year-round to build momentum for the ASM.

Feedback from sponsors and exhibitors over many years has, time and time again, shown that participation in the RANZCOG ASM is a strategic activity that assists in reaching a large number of existing and potential clients.

Partners at previous meetings have commented:

- The RANZCOG ASM is a great opportunity to meet opinion leaders in the one place.
- It is our key meeting for obstetricians and gynaecologists.
- Very well organised and a perfect opportunity to get face time with our customers.
- The RANZCOG ASM always provides an excellent platform for face-to-face interaction with the delegates, coupled with relevant program topics.
- A significant, and very well-run event, enabling us to connect personally with our valued members.
- Excellent interest with good clinical discussions.
